Contractors Begin Road Work

Williams & Pitzer, of Lexington, the firm who has the contract for building 2.85 miles of road in the western portion of the county began work on the job Wednesday morning. Their scrapers, drills and etc. have not yet arrived but they are getting whatever implements they can and going forward with a vim that will count. They want to finish the job at the earliest possible date so as to be ready to take another from the county. These men are practical in their line, having been in the construction business along the Q. & C. Railroad for some time. We hope to see the people of the county extend a welcome hand to these gentlemen and encourage and help them in every way possible. We feel that while they have a good contract, they will do us a good job which is quite a responsible one.

Millions for Road Building

The Department of Agriculture is planning the expenditure of the \$275,000,000 granted it by Congress to improve and construct rural post roads throughout the country. This will be apportioned among States on the basis of area, population, and mileage of rural delivery and star mail routes. Powell county is ready to receive its share.

To Visit Mammoth Cave

Miss Reese Shimfessel, and cousin, Miss Augusta Shimfessel, left Saturday morning for a trip to Kentucky's wonder, Mammoth Cave. They went to Louisville to go with an excursion party from that place. While enroute they will be guests of their cousin, Dorris T. Mize, of Louisville.

Oil Man Buys Property

G. C. Bassett, an oil man from Floyd county, has purchased of E. R. Reynolds a house and five lots in this city for \$700. Mr. Bassett's family is here now, and they will take immediate possession of the property and become citizens of Clay City. We welcome them here.

Sheriff After Taxes

Wm. Garrett, Sheriff, has his 1919 tax books and is ready to collect your tax. He will be in Clay City, Saturday, the 23rd, to accommodate the taxpayers in this end of the county who desire to pay early and avoid the rush.

Moves Saw Mill

June Walters and Wash Powell have moved their saw mill to Clark county near Winchester on the Boonesboro pike where they have a job of sawing about 75,000 feet of lumber at \$10.00 per thousand feet.

Meeting Closes

The protracted meeting closed Sunday at Powell's Valley. Baptising was Sunday afternoon. Bro. Turpin has moved his tent to Spout Spring where he will conduct revival services.

A Social Affair

Harry O'Rear and Miss Ethel Duncan entertained their many friends Friday evening in honor of their guests, Miss R. B. Quisenberry, of Winchester, and Miss Gladys and Robert Rayborn, of L. & E. Junction. The evening was deeply enjoyed by all the young folks who engaged in many forms of merry-making, and insisted that the ice cream and cake was the best ever.

Guests from out-of-town who attended were Miss Graham, of Chattanooga, Tenn., Miss Mastin, of Lexington, and Miss Edgington, of Winchester.

Republican Nominee Here

The Rev. Sherman Robbins, Republican nominee for Representative from the 94th district, was here Tuesday from Torrent. The Rev. Mr. Robbins has placed his card in The Times and proposes to make an aggressive campaign otherwise. While the district is largely Democratic, Mr. Robbins believes he can win, notwithstanding the strong hold A. Howard Stampfer, his Democratic opponent, now has on his party. We may therefore expect this race to grow warmer as the days grow cooler.

Cow Killed by Train

A train ran over and killed a cow Tuesday belonging to Allen White at the Powell's Valley crossing. The cow was buried on the railroad right-of-way by the section men. When asked why the cow was not skinned, the men said the railroad authorities did not allow cattle killed by trains to be skinned. The hide must go with the brute. This too in the face of such high prices for leather goods.

Looking Forward to Airplanes

Millard Carr has bought some land from R. W. Garrett adjoining that which Mr. Garrett gave Mrs. Carr, his daughter, and says he will raise some buildings on it by spring, and expects to make his future home in Powell whether there are good roads built or not. He expects flying machines to soon be as cheap as automobiles are now. He can then fly through the air.

Mr. Crabtree Taken to Hospital

Mr. H. G. Crabtree, suffering from an attack of typhoid fever, was taken Tuesday to the hospital at Lexington. Dr. Irvin accompanied Mr. Crabtree there. His condition is not alarming though he is a very sick man and will of necessity be down for several days.

Drouth Broken

Good rains have fallen in the vicinity of Clay City and the drouth is thoroughly broken. Most corn crops are too far along to be benefitted, but the rains will do fall grass much good.

Barber Shop Moved

A. P. Johnson has moved his barber shop from the Kennon building, which has recently been sold to Mrs. Carrie Groves, to the old stand in the Cassidy building adjoining the Red River Hotel.

Prof. F. P. Tracy, who is teaching the school at Bowen, will furnish us report of his school for publication next week. Other teachers are invited to do likewise.

Official Tasters in Demand.

The United States officers have announced that they will arrest any liquor dealers who sell beverage containing more than 2.75 per cent. alcohol. It has been suggested that it will be absolutely necessary to have official tasters to determine just when the stuff has little enough kick in it. If the authorities are going to have official "tasters" to decide we can see right now that there are going to be lots of applications for the job. We know several chaps who would be willing to work for nothing.

County Road Work Progressing

Division Engineer John L. Dawson was here Monday and was well pleased with the progress of the road work under State supervision. Ground has been broken on the T. B. Ware farm. The Brush creek bridge will be open for travel in a few days. Many valuable changes have been made in the location of the road since Mr. Dawson came at the head of the work in this county. These changes have caused delay in readjusting the right of way, but are well worth the delay and any increased cost for right of way.

Gets Two New Fords

A. T. Whitt, the Powell county Ford agent, received two new machines Tuesday. They were brought overland from Cincinnati and were driven through by John C. Eaton and T. G. White, Jr. Buyers looking for service and durability in an automobile, never pass the Ford by, for it truly is the machine that will "take you there, and bring you back too."

Tax Commissioner to be Here

John F. Woodard, County Tax Commissioner, will be in Clay City Monday, Aug. 28, to get property lists from those who have not given them. Mr. Jackson, Deputy Tax Commissioner, was here one day last week for that purpose, but his blanks gave out long before he could accommodate all those wanting to give in their lists.

Government Food

Postmaster Mrs. Carrie Groves will take your order for Government food to be sent to your address by parcels post. Considerable saving can be made by buying this surplus provisions from Uncle Sam. Mrs. Groves can furnish prices on all articles offered for sale.

Buy's Town Property

J. R. Stone has purchased the Dehart property on main street for \$525. The Times office is located in this building, and will remain there, as Mr. Stone has no use for any part of the building except the second floor.

The Farmers' Pleasure

The House of Representatives seems determined to do away with the daylight saving law and has passed the repeal of this law over the President's veto.

The old reliable John Robinson show will exhibit at Mt. Sterling July 28.

A Road Problem

Whenever plans for a new road are announced it is human nature for those who live along the way, either to bring pressure to bear to have the thoroughfare constructed in front of their door, or else to force the Highway Department to make detours to save cutting through a piece of property.

Perhaps no single feature of road work has caused the State Highway Department as much trouble as these two problems that of wanting the highway to "pass along my door" and that of securing adequate rights of way properly located.

Such a policy always reacts against the owner in the long run, since the more direct the road and the better located, the greater the travel will be and less the cost of maintenance. It follows, that increased property values will more than offset concessions made to the state.

Unfortunately, we are not all fully educated to a proper understanding of this phase of road work yet, and, as many of our State Laws do not give the highway commissioner full authority, our main roads are usually as full of kinks as a pickaninny's hair.

Not only does it impair the usefulness of the road, but it adds considerable to the factor of danger, for frequent abrupt curves are made necessary by these detours.

Milk Stations Increase

Three hundred and sixty men are testing cream and milk in all portions of Kentucky under license from the Experiment Station at Lexington. These testers at skimming and receiving stations allow the small farmer who keeps a few cows an opportunity to market the surplus butter fat in his cream on a cash basis. This enormous number of testers shows that Kentucky is rapidly increasing her output of dairy products.

G. G. Hanks Takes to the Road

G. G. Hanks, the lately employed salesman of Hurst & Fitch, at Winchester, was here Friday, interviewing our merchants.

Grant being an old Powell county boy, we hope our merchants can see their way clear to give as much of their trade as possible to him.

Arizona Visitor

Albert Bolin, of Ray, Arizona, is here on a visit to old friends. Mr. Bolin left Powell county thirty-six years ago, going first to Butler, Mo. Mr. Bolin for the past fourteen years has been engaged in copper mining in Arizona.

Ships Car of Cattle

Judge D. R. Daniel shipped yesterday to Green, Embry & Co., of Cincinnati, one car load of cattle. Judge Daniel is in the city with these cattle.

Moves Back to Powell

John Hiley moved this week from Winchester to his Hardwick's Creek farm.

Local Brevities.

Mr. and Mrs. T. G. White and son, Bev, were visitors to Lexington Tuesday.

Mrs. Robert Henry and son, Fred, of Winchester, came up Tuesday to visit her sister, Mrs. S. G. Baker.

Miss Helen Gay Graham, of Chattanooga, Tenn., spent the last of the week with her cousin, Miss Ruth Eaton.

Mr. Joe Quisenberry, of Winchester, visited Harry O'Rear and other friends in the city Tuesday and Wednesday.

Miss Golden Mastin, of Lexington, was the guest of her friend, Miss Mary B. Dunnington Friday till Monday.

Mr. and Mrs. Henry Woodard have returned home to the oil fields after a two weeks visit with Mr. and Mrs. Thos. Edge.

Edward Rose was in Clark county this week, going to look at some small farms for sale, but failed to find anything to suit him.

Miss Etta Bowman returned home Thursday to spend her month's vacation from Berea College. She will return to College in September.

Mr. and Mrs. Bert Barnett and Mr. and Mrs. E. M. Gravett, of Clark county, came up Tuesday to see Ernest Gravett, who was suffering with an inflamed and ulcerated leg.

Mrs. Jas. G. Easter, of Neon, is spending two weeks with relatives in the city. Mr. Easter intended coming also, but for the impending strike he remained at his post of duty.

George Conlee has bought the Hammons farm from R. W. Garrett. He says he will make his future home in Powell if there are some good roads built through the county.

Joe Mountz, Sr., of Vaughn's Mill, was in town Monday for the first time in two years. Miss Rebecca Mountz, a sister, is in very poor health. This keeps Mr. Mountz close to home.

Mr. and Mrs. W. R. Eubank and Misses Vera Eubank and Irma Russell, of Winchester, spent Sunday with Mrs. Eubank's parents, Judge and Mrs. W. T. Adams, at the Red River Hotel.

H. Clay Skinner, Clark County Court Clerk, and Alfred Crews, of Madison county, were here Monday night and Tuesday visitors of their uncle, Judge W. T. Adams, at the Red River Hotel.

Clint and Joe Creech, of Rogers, Wolfe county, were here Tuesday to adjust a fire damage to lands of their's, caused by sparks from railway locomotive. They met the railroad's claim agent here.

J. T. Wright, a Mr. Plummer and Mr. Mann, all of Winchester, came up Tuesday and went from here to Hardwick's Creek to look at some timber on Mr. R. T. Kennon's place, in view of buying it.

THE TIMES.

J. E. Burgher, : : Publisher.

Entered as second-class mail matter at the Post Office at Clay City, Ky., under the Act of Congress of March 3, 1879.

A HOME-MADE PAPER.

THURSDAY, AUG. 21, 1919.

SUBSCRIPTION RATE,
ONE DOLLAR PER YEAR.

To the voters of Powell and Wolfe counties:

I am the Republican nominee for Representative from the 94th Legislative district composed of Powell and Wolfe counties. Am the same Sherman Robbins that made the race for Sheriff in the Republican primary in Estill county ten years ago, won the nomination and then resigned with the consent of the Republican county chairman. I solicit the support of all voters who want a fair deal and an honest representation at Frankfort.

Yours for success in November,
SHERMAN ROBBINS.

GENET

Crops of all kind are looking fine since the recent rains.

J. A. Crabtree and wife visited J. J. Reed at Lombard Saturday and Sunday.

Mr. and Mrs. Jno. Barnett, of Furnace, visited friends and relatives here Friday and Sunday.

Our old friend John Wilburn, of Lombard, came over Saturday and attended the meeting of I. O. O. F. at Glade Spring Lodge No. 182.

Bert Bowen has typhoid fever at this writing. Dr. J. T. Rogers has the case in hands and says he is getting along moderately well.

Col. Billy Townsend has returned from Wisconsin. Glad to see you, Billy. We want to hear you play "hawks got a chicken an gwine."

Come again "Rube and Raslus" your correspondent upset our tickle box to the extent that we "clim" out on top o'house and read it aloud.

Col. Jno. A. Rogers, of Xena, was here Friday. In speaking of bygone days he informed us that back in the seventies he attended thir-ty-six "log rollings" one spring.

Miss Lula Lane and sister, Miss Anna Bell, of Rosslyn, was in our village Saturday shopping. Come again girls, we are always glad to see you.

Capt. B. F. Hatton, of Bowen, was here there and elsewhere Friday. By the way a candidate. We failed to learn whither his aspiration was for "sho nuff ofis" or matrimony. Well, let that be as it may, he is qualified for both.

The writer was called to Rosslyn Friday. That is the place where we first saw the light of day. We passed by the old school play ground where we used to whirl the leaves of the blue back speller in search of "Baker" or "Heterogeneous" as our "spelling lesson" just before our bread hooks went in search of the "fried chicken on things." They were good old days when we boys would go "possum huntin'" and listen to the hoot of the wise old owl way over in sleepy hollow as he peeped from a knot hole in the shadowy tree to gaze on the crescent moon that shone down so brightly on Brindle and Mu-

ley swiping the grass along the ditch, as the frogs sang a sonnet in the neighboring marsh, but today the hoot of the auto has silenced the hoot of our feathered friend, the frogs refuse to croak and "possums, oh, well, there haint enny."

"Rat-Snap Beats the Best Trap Ever Made," Mrs. Emily Shaw Says.

"My husband bought \$2 trap. I bought a 50c box of RAA-SNAP. The trap only caught 3 rats but RAT-SNAP killed 12 in a week. I'm never without RAT-SNAP. Reckon I couldn't raise chicks without it." RAT-SNAP comes in cakes. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Eaton & McGuire and C. Shimfessel.

SLADE.

Mrs. Albert Knox went to Stanton on business last Thursday.

Mrs. John Knox visited the family of her son, Albert Knox, last Monday.

Dr. Knox reports the birth of a boy August 16th to Mr. and Mrs. Sylvester Tharp.

Mrs. Myrtle Traver, of Illinois, is visiting her parents here, Mr. and Mrs. L. B. Longhead.

Misses Ethel and Bethel Blevins, of McCormick, visited Lucile Faulkner Saturday and Sunday.

Cassius M. Bowen, of Whitesburg, visited his parents here last week, Mr. and Mrs. J. A. Bowen.

Mrs. John Day and family, of Winchester, are moving to their summer home near Campton Junction.

Mrs. R. B. Ewen had for her guests last Thursday, Mesdames Effie Smith, Louis Martin, Minnie and Mary E. Faulkner, Susan and Stella Ewen, and Rosina Congleton.

W. F. Chester, of Thoroton, Ky., was shaking hands with his old friends and neighbors here last week and has gone on to the oil fields to visit his sons, Burke and Sidney Chester.

We have had two rains this week that helped a great deal, but much more is needed. Gardens are almost burned up and corn has been damaged a great deal during the drouth.

Among those attending camp meeting at Campton Sunday were Misses Ila, Maggie and Rosa Ford, and Mattie McKnabb; Mr. and Mrs. Willie Boyd, Mr. and Mrs. Denis Spencer, R. A. Hartner, and W. A. Lunsford.

Prof. Dudley Caudel visited some of the schools in this end of the county Monday and Tuesday. The parents and trustees ought to visit the schools more too and become better acquainted with teachers and their way of conducting schools. But you never hear of any visitors only young people to most schools.

Mesdames Effie Smith and Louis Martin and little daughter, Morrine, of Stanton, visited Mrs. Minnie and Mary E. Faulkner last week. Mrs. Mary E. Faulkner is 85 years old and little Miss Morrine is her great-great-grandchild. It is not often that a person lives to see the fifth generation.

George McKnabb motored through in his car from Lexington Thursday. He was accompanied back by Mr. and Mrs. Carl Ewen. It is a shame we can't have roads through Powell

county. If we had a pike up the Middle Fork and connect with the Wolfe county road, it would increase the travel and bring our land up and make our county more inviting to a better class of people.

We all should take off our hats to you, Mr. Editor, for refusing to advertise the cigarettes in our clean little paper. While few of our people comprehend the danger of the cigarette, it is next to whiskey in destruction, and could some of the boys get a view of the air cells in their lungs almost closed with this deadly poison, they would know the danger and abstain from it. But because the cigarette is a slow and sly murderer, our boys will laugh when you tell them that each cigarette drives a nail in their coffin.

Furnace.

Mrs. Jasper Patrick is very ill at present.

Leonard and Paul Seay, sons of Dr. Seay are his guests this week.

Burk Barnes, of Levee, is visiting his grand mother, Mrs. Sam Billings.

Mr. Akers with Mr. and Mrs. Dell W. Britton spent Sunday in Winchester.

Mr. and Mrs. Ray Bigler and Ida Howell motored to Lexington Saturday.

Claude Newkirk has been suffering with an attack of appendicitis but is better now.

Messrs. Ray Bigler and Walter Rife, of our town, have purchased new touring cars.

Mr. and Mrs. Roseoe Newkirk and family were the guests of relatives here last week.

Miss Marie Howell spent last week with her aunt, Mrs. William Briscoe, at Clay City.

Mrs. Sylvia Russell and her son, Harry, visited Mr. and Mrs. John Lyle Monday night and Tuesday.

Bro. Joe Adams held his regular services here the past week end. Bro. Adams expects to hold revival services here in September.

Minnie Russell, daughter of Mr. Jno. Russell is in Gibson Infirmary at Richmond, Ky., recovering from operation for appendicitis.

Miss Inez Breeze held a box supper at her school building Saturday night. The outcome has not been reported, but from the

More News Than Any Other

Virginia, Illinois,

August 12, 1919.

Mr. J. E. Burgher, Editor

The Clay City Times,

Clay City, Kentucky.

Dear Sir:—

You will find my subscription to The Times for one year enclosed. We are so delighted that your paper is being issued again. It has more news to the amount of space than any other paper that comes to my address. It brings so much information concerning the people of dear old Powell county and adjacent counties.

We note with sadness the passing of so many of Powell's prominent citizens.

Your reference to no cigarette advertising in the issue of August 7th should arouse the people to your support in giving the public a clean, up-to-date, honest paper. It is evident that "plain tobacco" will go the way with cigarettes as beer and wine have gone with whiskey and other intoxicating drinks.

We wish you success in your work.

Very sincerely,

C. E. French.

P. S. I was reared in Powell, my home was near Stanton. I have lived in Illinois for nearly eighteen years. I have been pastor of the local Christian church for more than seven years.

Emigrants Exceed Immigrants

The total number of foreigners coming to this country during the fiscal year ending June 30, was 333,441. The total number of departures was 435,160. This was a loss of 101,719. We can spare ten times as many if we can only catch them of the right class.

Why People Buy Rat-Snap in Preference to Rat Poison.

(1) RAT-SNAP absolutely kills rats and mice. (2) What it doesn't kill it scares away. (3)

Rats killed with RAT-SNAP leave no smell, they dry up inside. (4) Made in cakes, no mixing with other food. (5) Cats or dogs won't touch it. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Eaton & McGuire and C. Shimfessel.

A Store Filled with

Satisfaction

Said a customer to us the other day: "It is a positive pleasure to spend money at your store, you are so satisfying.

I always get just what I want from you."

"JUST WHAT YOU WANT"

It has cost us much study and effort to earn that compliment, and we are proud of it.

Will you profit by this customer's experience? Our constant effort is to have JUST WHAT YOU WANT.

One of the biggest features at the Blue Grass Fair, Lexington, Sept. 1-6, will be the special Government exhibit of various firearms and other equipment of the American boys used in France, as well as many articles taken from the enemy. This exhibit will be under special army officers, and will be open to the public free during each day and evening of the Fair. In addition a government aeroplane piloted by experts who served both in this country and in France, will be seen in daily flights.

August 19, 1919.

Mr. J. E. Burgher,

Dear Sir:

I am sending you a dollar to pay on the good old Times, I receive each Monday. It beats a letter, for it is from home and I hear from several of my old Kentucky friends and it tells what they all are doing. I am sure glad to get the good old paper, so please keep on sending it to me, for I couldn't do without it.

I am still barbering in my same old stand, getting along good. Times are good here and crops look fine.

Don't fail to send me the paper. I am sending my love and best regards to all my good old Kentucky friends.

From George Hampton,
Boyne City, Mich.
37 Lake Street.
